

## **Materials**

Google Slides

Computer

## **Essential Words**

Poetry,

## **Standards**

3W2c: Use precise language and content-specific vocabulary

4SL5: Include digital media and/or visual displays in presentations to emphasize central ideas or themes.

## **Objective**

Students will brainstorm a set of 15 nouns, adjectives, verbs and adverbs, then type them into the 15 magnets.

Students will construct a poem by selecting from the word 'magnets' and dragging them onto the fridge door.

Students will share their poems with their peers for review.

## **Technology Skilled Needed**

Google Slides

## **Procedure**

1. Teacher will create a Google Slide activity to share with their students in Google Classroom.

2. Discuss their task and what they will need to do in their assignment.
3. Share Google Slides so students can work individually or in cooperative groups
4. Students will complete activity and turn it in.

### Extension Activity

Teachers can have students work on this as a collaborative activity by using the “Can Edit” function in Classroom and having each student do a slide on a class presentation.
