Attractions

Standards

Social Studies - NYS K-8 Social Studies Framework:

Gr 3

Develop questions about a world community

Gr. 3

Identify the variety of resources available in a particular world community used to produce goods and/or provide services.

Objectives

Students will research a country

Students will create a Google Site advertising their country

Technology Skilled Needed

Google Classroom

Google Sites

Procedure

1. Teacher will create a Sample Google Site to share with their students in Google Classroom.
2. Discuss their task and what they will need to do in their assignment.
3. Students will research a country
4. Students will create a simple Google Site to advertise their country to potential visitors

Extension Activity

Teachers can have students work on this as a collaborative activity choosing a single country and having students or groups working on individual aspects of country such as tourism, food, history, etc.
