

CYBERSECURITY WEBQUEST

How to use this:

- Provide students with an approved list of sites they can choose to explore
- To protect student data, provide mock data for students to use and/or instruct them to not complete the account creation process.
- Students can work in groups or independently.

**COMPUTER SCIENCE
& DIGITAL FLUENCY**

STANDARDS: 7-8.CY.1, 7-8.CY.2

CYBERSECURITY WEBQUEST

website #1:

Purpose:

Why would someone need to create an account on this website?

What kind of personal information are you asked to provide that run the risk of being compromised?

Did any information seem unnecessary?

What methods were used to protect your data?

What additional security measures could have been added?

CYBERSECURITY WEBQUEST
